## Background

The Education Review Office reviews schools that are signatories to the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021* established under section 534 of the Education and Training Act 2020.

## Findings

The school is a signatory to the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021* established under section 534 of the Education and Training Act 2020.

Te Aro School has attested that it complies with all aspects of the Code and has completed an annual self review of its implementation of the Code.

At the time of this review there were two international students and no exchange students attending the school.

The school's internal evaluation provides comprehensive information about the pastoral care, wellbeing and academic achievement and progress of international students. The information is provided regularly in reports to the board and is available for New Zealand Qualification Authority. Parent and student voice is collected and this is acted upon if required. Students are well integrated, feel like they belong and enjoy school. They participate fully in the wider life of the school. Provision is made for international students to meet their learning goals and they are well supported by a range of staff members.
