**Y-Kids Before & After School Programmes are much more than a child-minding service. We deliver recreation based activities that meet the needs of children in a fun and safe environment.**

At The Y we understand that every child is different. Before and after school, kids require a variety of activities based on their unique needs, in order to support their development and keep them engaged and comfortable. That is why we ensure that all of our programmes either keep kids active, allow them to be creative or help them continue to learn valuable life skills. Each programme offering may include optional arts and crafts, sports and games, some homework activities if needed, and modular programmes delivered by external providers, including local sports and dance clubs, martial arts experts, Y gym and outdoor instructors and much more.

We believe that the hours before and after school are crucial for a child's continual development, which is why we focus on providing more than just a child minding service. Y-Kids is a place that children are excited to visit and spend time with their peers in an active, supportive, fun and engaging environment.

We offer WINZ Subsidies – for more info visit the WINZ website:
